Weekend Discussion Questions
July 12-13, 2008

Community:

1. What's the funniest thing you've ever seen a fan do or wear at a game?
2. What's the most outrageous thing you've ever done as a fan?

Core:

1. How could staying aware and engaged with our values keep this church from drifting in the wrong direction?
2. After reflecting on value #1 "Biblical Authority" are you in a place where you are willing to come under the authority of the Bible?
3. What do believe to be true about God?
4. How would you describe your belief system?
5. Jim talked about how we all wish that God graded on the curve and we want to define the curve. How have you seen that truth play out in your life?
6. Read Romans 6:23. Why is the punishment/wage for our sin, so severe?
7. Jim said, "If God is Holy and pure then He has to punish sin". Why? Why can't God just excuse some sins?
8. Read Romans 3:23. What/Who is it that provides us with the opportunity to be connected to God?
9. Why are our circumstances not strong enough to prop our faith up on?
10. How have your circumstances caused you to question what you believe to be true about God?
11. Jim said that our faith has to rest on Jesus. What does that mean?
12. Can Jesus transcend our circumstances?
13. Jim said, "Grace is not free, because it cost Jesus everything". Agree or disagree? Is Grace free for us?

Challenge:

1. Are you connected to God through Jesus?
2. Don't forget to bring your backpack stocked with school supplies back this coming weekend for Crayons to Calculators.
